HUSTLE MARCH VOTES

W.M.F. HORNE

Willard F. Horne of Concord, Mass., a hustling District Two candidate in AMERICAN'S \$35,000 Prize Contest.

By THE CONTEST EDITOR.

Candidates in the AMERICAN'S \$35,000 prize contest are urged to push to the limit. In the first place, there are only seven days left in March, which means only seven days in which to take advantage of the double March offer consisting of several vote bonus of 5,000 votes, offered to each candidate for each and every lot in April to land some big April prize. But there will be no prize offered during April. The Contest Editor tells the candidates that now is the time to win it, absolutely. Candidate who look for an April prize will be disappointed. Do not wait to wait April prize, for there will be no prize offered. If you are holding back subscription votes for April prize, don't hold them back any longer. Send them in now and we will advance of the double March offer.

Do Not Hold Votes.

But another important reason is this: The Contest Editor knows that many candidates are holding back votes by subscription in the expectation that there will be a big list of prizes for April. These subscription candidates are planning to write in with a smallish big bunch of subscription votes in April to land some big April prize. But there will be no prize offered during April. The Contest Editor tells the candidates that now is the time to win it, absolutely. Candidate who look for an April prize will be disappointed. Do not wait to wait April prize, for there will be no prize offered. If you are holding back subscription votes for April prize, don't hold them back any longer. Send them in now and we will advance of the double March offer.

Double March Offer.

There is only one more vote to get in votes under the double March offer. The headquarters of the Contest Department at No. 275 Devonshire street, will be open.

Honest Statement of Well Known Clinician

An advertisement of Dr. Kilmer's Swamp-Root, which I saw in the St. Albans Messenger some time ago, induced me to give your remedy a fair trial. I was then suffering from terrible pain in the small of my back. The pain was most distressing during the morning, and often when I attempted to arise from my bed to go to work, I found I could not do so without the assistance of some member of my family. I am very grateful for the good your great remedy has done for me. I thought I would have to use much more Swamp-Root than I did, in order to get well, but am absolutely cured of my kidney trouble and now without the slightest pain, after using only seven bottles. (Was cured about six months ago, and though I do heavy work in the shop where I have been employed for the past forty-four years, have had no recurrence of the trouble or pain in the slightest degree.)

I am doubly thankful for this, and while now an old man, I again find the strength of my youth, thanks to Dr. Kilmer's Swamp-Root. Many others also use it to as good advantage as I have.

Very truly yours,
JOHN FRAZIER,

LIMIT FIXED ON WOMEN'S SUITS

NEW YORK, March 24.—The first convention of the Cloak and Suit Designers' Association of America is in progress today at the Manhattan Hotel. When M. Lanier, chairman of the convention, made his pronouncement, things went at the Manhattan Hotel, where fifty designers representing 80 per cent of the Eastern trade, assembled at the invitation of the Cloak and Suit Designers' Mutual Aid Association of New York.

From an emotional point of view they gathered, according to one of their number, to realize on an "American declaration of independence of British fashion," but almost every one realized that no adventurous move would avail far from considering and greater organization.

Finally, after much discussion, the committee of setting on a standard length for the coats of women was referred to a committee of twenty-five, and there was much discussion as to their design, and much discussion.

"Very Gentle" Garments.

Then Chairman Lanier announced the committee's recommendation that the length of extreme coats shall be 38 inches, and the full-length coat be 58 inches.

"A thirty-eight inch coat is a very nice fit, and makes it nice and easy for the designer to make a coat and for the buyer to go with it," said Mr. Lanier with much emphasis. "And a twenty-eight inch tailcoat coat is very gentle."

BE LASCO GIVES UP HIS FIGHT

Realizing the impossibility of producing "The Eastern Way" at the Boston Street Theatre, the manager of the play, Mr. J. B. Lasco, has abandoned the fight. Efforts are now being directed merely to fill out the production into the theatre as soon as possible, probably next Monday, to suit the musical portion of the engagement of "The Eastern Way."

Holla, actress, who had bought tickets for the performance, went to the theatre to-day and cashed in her ticket for the purchase price. So far as "The Eastern Way" appearing in Boston, the incident is closed. But an afternoon of discussion and comment results from the controversy.

Augusta Walter, author of the production, charged the manager with a scolding campaign of the morals of the American drama society has voted to discontinue the play, and the manager of the play, Mr. J. BOTH SIDES OF 'THE EASIEST WAY'

This will hurt Boston a great deal in more ways than one. Boston will now be the butt of jokes and quips all over the country. — Statement by John B. Schofield, manager of the Tremont Theatre.

I'm sorry to have had to close the Hollis Street Theatre, but if there is an American to-day who is proud of the American stage, I would like to see him. — From a statement by Mayor Fitzgerald.

THINK WOMEN ALL UNDERPAID

Mrs. Susan T. Fitzgerald of the School Union League, has prepared a table of statistics on the pay of men and women teachers in Boston public schools in support of the contention that the women teachers do not receive equal pay for equal work. Mrs. Fitzgerald says that the injustice is hidden by different titles for the men and women teachers. This, she believes, makes it technically possible to say: "We do not have men and women holding the same positions and unequally paid."

Following is the table prepared by Mrs. Fitzgerald:

My Cure a Miracle

"Wasting away with a complication of diseases Duffy's Pure Malt Whiskey brought me back from the grave."—Mrs. Wallis.

Mrs. Wallis now recommends to every one the great tonic stimulant that saved her life.

"It was in 1906 that I was taken very sick early in the Spring and I went down hill continually until the middle of November. I seemed to have a complication of diseases. My sickness started with bloody flux, then hemorrhage of the bowels, then a cough developed and I had a hemorrhage of the lungs. All this time my bowels were loose, acting as often as every three hours. I became a weak, while my weight before I got sick was 118 pounds. I had the best medical attention and everything was done for me that could be done, but by the first of November it seemed to be a matter of a few days with me."

"At this time a man told my husband to try Duffy's Pure Malt Whiskey. My husband went immediately and got a bottle and I began to mend so rapidly that everybody thought a miracle had been wrought—as indeed it had. After I had taken it for a month I was able to do my own housework. I took thirty quarts at the time and still take it occasionally. Of course we think it the greatest medicine in the world and always recommend it to our friends. Truly Duffy's Pure Malt Whiskey saved my life."—Mrs. Miller Wallis, Childersburg, Ala.

The Sirolin Sentinel Fighting The Great White Plague

Boston, Friday, March 24, 1911

Every Cough or Cold May Develop Into Consumption

A cough or cold by itself cannot cause consumption, because "The Great White Plague" is a germ disease—and the germs must find lodgment in the lungs before consumption can begin. We all breathe millions of these germs every day; and our healthy lungs are able to repel their attacks.

Lungs weakened by a deep-seated cold are not able to withstand the attacks of the invading bacilli—and here lies the danger in neglecting apparently trifling ailments of the throat and lungs. Treat every cough or cold as being full of deadly possibilities.

At the very first sign of "catching cold" avail yourself of the power of "SIROLIN" to cut short the attack. After the first dose or two of "SIROLIN" you will find that the most disagreeable symptoms have disappeared; and continued doses for a day or two will entirely obliterate all traces of the ailment.

For deep-seated coughs and colds, or other throat and lung troubles, take a course of "SIROLIN"—several bottles, until not only are you rid of the ailment, but have gained all the tonic, upbuilding, and appetite-creating virtues which are peculiar to SIROLIN.

Please bear in mind that SIROLIN has the endorsement of leading specialists of Europe—that it is not a mere medicine, but that it contains no drug that can do harm to the system. It is recognized as the most effective agent in fighting "The Great White Plague" by preventing the entrance of the germ into the system.

Your druggist now has SIROLIN or will get it for you. The SIROLIN COMPANY, 305-307 Canal Street, New York.

Valeska Suratt Is Sued for Divorce

VALESKA SURATT
Actress-Bride of Leading Man
Laughs at Charges Made by
New Husband.

NEW YORK, March 24.—Fletcher Norton has begun suit in the Supreme Court for an absolute divorce from his wife, Valeska Suratt, the actress.

She was served with papers in the action while seated in the office of her manager, Leo Harrison, in the New York Theatre building.

Neither Mrs. Norton nor Mr. Harrison would divulge the name mentioned in the papers, both declaring the charges to be absurd, Mrs. Suratt said.

"Norton's charges against me are as absurd as I do not care to discuss them. He is using me simply because I learned three hours after I married him that I could never live with him."

"I will fight his suit, and as soon as I win shall go to Indiana, my native State, and proceed against Norton for an absolute divorce."

It was reported that the actor had sued a millionaire for alienating the affections of his wife, but it was learned that no papers had been served.

On January 14, while Valeska Suratt and Fletcher Norton were appearing at the Hammerstein Theatre in "Bohème Varieties," they made a secret trip to Jersey City, with Jim Jackson, chauffeur and Nance O'Keefe, and after securing a license from City Clerk Joseph Kern was married by Justice of the Peace William Burke.

"DON'T STRIKE; GET MARRIED"

NEW YORK, March 24.—It has been insisted for Miss Max Gluck, of No. 24 Grand street, who never heard of Adam Smith, and thinks the "unmarried couple" is a social adjunct to every household, to advance the perfect marriage for the prevention of strikes among all wage-workers.

Miss Gluck was present in the lecture hall of 1,500 girls paper box workers in an open air meeting, which started at the corner of Ridge and Kingston streets and spread north along the avenue so that it included half the East Side.

"Girls," said Miss Gluck, "I've a proposition to make that'll end the strike and all others in which are girls are engaged. Let's get married, and as soon as possible tie a man and be married to him quick."

A scholar, who was hovering on the outskirts of the crowd, said: "I'm not a howl of 'Married'!" He was not quieted until Miss Gluck explained in his ear that 1911 is a big year.

NERVOUS DEBILITY

This Illinois School Teacher Was
Almost Prostrated but Was
Cured by Dr. Williams' Pink Pills.

When the nerves are straining it means that the blood is not supplying the nervous system with the proper elements in sufficient quantity to replace the waste caused by work requiring nerve force.

This is a frequent occurrence with teachers and other brain workers, and the remedy is shown by the experience of Mrs. Fay Habbell, a school teacher, of Yorkville, Ill., who says:

"This is a frequent occurrence with teachers and other brain workers, and the remedy is shown by the experience of Mrs. Fay Habbell, a school teacher, of Yorkville, Ill., who says:

"I was a nervous wreck for several years but it had never been so severe. The nervous system would come on with such pain in the top of my head that I was forced to scream and cry out. Hearing any one talk or seeing anyone who would make me nervous. I had no appetite, there were pains in the pit of my stomach and gas constantly formed. Food distressed me and caused nausea. My back and legs ached a great deal and my fingers were swollen. I lost weight and became very weak."

I was treated by doctors for a long time but their medicines did not cure me. My husband had read of Dr. Williams' Pink Pills and decided to have me try it. A few boxes relieved me so much that I gave them a thorough trial and was entirely cured. I think very highly of Dr. Williams' Pink Pills and am very glad to recommend them."

Dr. Williams' Pink Pills are the most direct cure for nervous troubles because they remove the cause of these diseases by building up and purifying the blood.

The pills have made so many remarkable cures in nervous disorders that no sufferer can afford to neglect giving them a trial.

They can be obtained at any drug store or direct from the Dr. Williams' Medicine Company, Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50.

While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe for every age and sex.

Write for a free copy of our new booklet, "Diagnosis of the Nervous System." The booklet describes symptoms and gives most useful information. It will be sent free on postal card request.

PUBLIC DENIAL BY OIL TRUST

The Standard Oil Company, for the second time in its history, today takes occasion to make a denial of a report concerning it to the public. Through the secretary of the company, H. C. Folger, Jr., of No. 25 Broadway, New York, the firm declares that it has no plans for reorganization or antitrust litigation and that it is not the subject of any pending antitrust litigation in the United States Supreme Court. Here it is

Persistent reiterated in various publications that The Standard Oil Company has prepared plans for reorganization in anticipation of the decision of the United States Supreme Court. Readers it necessary to state of fact, and emphatically that there is absolutely no truth in such reports. No such plans have been made; no propositions undertaken and all statements to the contrary are untrue and misleading.

Depositions from two magazines showing that they did not terminate their contracts with Professor Harry Thurston Peck after they had been shown the article in the Boston Post in which he alleged

was Hired, were read to-day at the trial of his suit against the Post.

Professor Peck, head of the Latin department of Columbia University, for years a well-known writer for the magazine, says \$100,000 from the Post became his dearest article printed by it. He says his reputation and caused several magazines to cease taking contributions from him.

His case is being tried before Judge Dodge and a jury in the United States Circuit Court. The first of the depositions read to-day was made by George B. Brewster, a Maine lawyer, who says he saw Peck in it. It is stated that his complaint was

Opening Men's Clothing

Our initial bow to the public as CLOTHIERS of distinction will be made TOMORROW

That we are CLOTHIERS in every sense of the term will be demonstrated in a manner befitting your requirements.

We have just emerged from a period of tearing out the old, replacing with the new, adding, altering, enlarging and improving, and tomorrow everything will be in readiness. Windows, show rooms, display cases will be at their very best.

'Twas an effort, but one that will be handsomely appreciated by the thousands who will look to this store as their source of supply. As a result, we give to Boston a modern shop, unique in arrangement—superb in fittings and equipment. The nature of our surroundings, the location of our store and our reputation as value-givers will make this the ideal of all ideal clothing shops.

We won't talk clothes, or values, or styles very strongly

today. We want you to come—to see and learn just why we selected the world-famous

Stein-Bloch Smart Clothes

as a basis of operation. It is our determination to surpass all others in the matter of merchandise and values, and we cannot afford to let any one man in Greater Boston escape the knowledge that Posner's and Stein-Bloch Clothes are essential—in fact, necessary—to his welfare, convenience, comfort and appearance. You may depend upon this—Posner-Stein-Bloch Clothes will be the slogan of the men and young men of the future.

Will you accept this invitation to inspect what we consider an achievement?
